Some Thoughts For The Upcoming New Year

By Mike Riley

A man fidgets and paces the floor. He spends sleepless nights wondering and worrying about the future. He fumes, "If only I knew what the future holds, I could make the right decision."

Any kind of risk scares most of us. We want a sure thing. What does the future hold, we ask? Unfortunately, there are no flawless barometers of future happiness.

However, not knowing what the future holds, is to our advantage. Too much foresight can be detrimental.

An experienced cyclist once made this observation:

"It is easier to ride a bicycle uphill at night than during the daylight. After dark, the cyclist can only see a few feet in front of him — his headlight giving him the illusion that the road is almost level. In this way, he feels he can go on a few more feet — and soon, he is up and over the crest. In daylight, the entire hill is revealed and seems so steep that his courage fails."

If we visualize any great task as a whole, it appears beyond our accomplishment. But when it is broken down into small segments, it can be accomplished. Any ultimate goal is thus accomplished by conquering a series of smaller goals.

By living one day at a time, we avoid discouragement, experience steady progress, and will ultimately achieve our ambitions.

God has allowed each one of us 365 days in the upcoming New Year to accomplish great things. That in itself is overwhelming if we try to swallow the whole lump. But by facing those days one day at a time, and with the Lord's help, we can be wonderfully victorious.

MYSTERY MEMBER

1. I love to draw.
2. I have been playing basketball since I was 10.
3. I attended a one room school-house in elementary school.
4. I once went hiking in flip flops.

WHO AM I?

Last week's mystery member and 'hot air balloon and helicopter rider, who worked in a photography studio, a jail ministry, and taught the deaf and hard of hearing, who was honored on TV and the front page of her hometown newspaper, who has met John Elway and likes to embroider', was Connie Hastings. She stumped you all!

CONGRATULATIONS!

Tim & Carey Kercher welcomed their first baby girl, **Madelyn Elaine Kercher**, into this world on 12/19. Little Madelyn weighed in at 5lbs 13 oz and was 18 1/2 inches long. Please remember to keep this new little family in your prayers as they transition.

CHANGE OF ADDRESS

Iris Vogt now resides at 50 19th Avenue #20, Longmont, CO 80501. She can still be reached at 303-776-4910. Please update your records.

UPCOMING EVENTS

All our men are encouraged to start the new year with a monthly Men's Breakfast, here at the building, THIS SATURDAY, January 2nd at 8am, as Greg Morrissey leads us in a Bible study. Our men meet every first Saturday of the month and enjoy a devotional and meal together. Please plan to join us and bring a breakfast dish to share!

Janice Dean would like to invite all ladies to a Women's Breakfast at her home (2349 Ranchero Road) on Saturday, January 9th at 8:30am. Please mark your 2010 calendar and plan to join us for a special time of fellowship. Bring a breakfast dish to share.

Do you have an interest in serving on the media ministry team?

Would you like to help with the video equipment or manage the computer operations during worship? Everyone interested in joining this ministry is invited to lunch and a **training session on January 3rd** after the morning worship.

The training will include an overview of our current systems. Every worship service requires two operators. One technician operates the camera and recording operations. Another technician operates the computer projection system. Training will not just be how to turn the equipment on. Hands on practice will be included so that all can become proficient. Lunch will be provided so there is no need to bring anything!

A brief overview of this ministry may help in your decision on becoming a part of a vital work here at Longmont Church of Christ.

Mission Statement: The media ministry team will properly operate and maintain the computer, sound and video systems that serve the congregation.

Ministry areas:

1. Manage the computer, sound, and video equipment for all services, as well as special events, including funerals and weddings.
2. Use technology to serve the congregation during worship with an audio video technician and a computer technician.
3. Facilitate the nursery, foyer, and other areas of the building in participating in the service and hearing the sermon message.
4. Record the sermons so they can be placed on the website for access by anyone at any time.

This ministry is involved in everything from the visual projection on the screen to making sure everyone can hear during worship.

JOIN US NEXT SUNDAY!

Please keep all of our children in your prayers during this holiday period. Most of them are on home visits. Please pray that they will remember the things that they have been taught while here and that these visits will be good for both our children and their families.
